CIECA CONGRESS: PROFILE & SETTING

Central International Forum

The CIECA Congress is the industry-leading event for international exchange on driver training, driving licence testing and other measures to increase road safety.

Mission: Innovation & Exchange in Driver Licensing

Over the course of two congress days, a community of open-minded and well-connected experts will set common standards in the field of driver licensing, explore innovations and strengthen sustainable international connections.

YOUR PRESENCE AS AN EXHIBITOR & / OR SPONSOR

Reach International Decision Makers

As an exhibitor and/or sponsor, you will have the opportunity to connect with a range of key figures, including representatives from road traffic authorities and testing organisations, policymakers, as well as experts from research and industry.

Visibility & Impact

Your presence will demonstrate your commitment to safe mobility and modern driving licence systems.
